**PURIFIED WATER** Nature's purest ingredient, purified H<sub>2</sub>O makes up 88% of this gentle wash.

**COCOAMPHOACETATE, COCO BETAINE, LAURYL GLUCOSIDE** Derived from coconut oil, each of these natural derivatives are custom blended for Sliquid to act as extremely gentle skin cleansers, as well as providing a natural foaming agent.

**SEA SALT** Natural Sea Salt is one of the oldest known skin care remedies, ideal for rejuvenating skin elasticity and retaining moisture, as well as being a natural cleanser.

**CITRIC ACID** (Citrus Fruits) is used as a natural antiseptic/astringent cleanser and preservative. It is combined with the smallest amount of Potassium Sorbate, which is a natural preservative that also works as an antifungal. The combination of these two keeps unwanted bacteria and mold away, and extends the shelf life, making this a safer product for women.

**SHEA BUTTER & MANGO BUTTER** Two of the best naturally occurring dermal conditioners, which when absorbed leave your skin silky, soft and smooth.
