**PURIFIED WATER** Nature's purest ingredient, purified H<sub>2</sub>O makes up 88% of this gentle wash.

**COCO AMPHOACETATE, COCO BETAINE, LAURYL GLUCOSIDE** Derived from coconut oil, each of these natural derivatives are custom blended for Sliquid to act as extremely gentle skin cleansers, as well as providing a natural foaming agent.

**SEA SALT** Natural Sea Salt is one of the oldest known skin care remedies, ideal for rejuvenating skin elasticity and retaining moisture, as well as being a natural cleanser.

**FLAX & HIBISCUS** are added as restorative and healing emollients, restoring elasticity to the skin.

**GREEN TEA** is added as an anti-inflammatory.

**SUNFLOWER SEED** is used as a cleansing and calming tonic.

**CITRIC ACID** (Citrus Fruits) is used as a natural antiseptic/astringent cleanser and preservative. It is combined with the smallest amount of Potassium Sorbate, which is a natural preservative that also works as an antifungal. The combination of these two keeps unwanted bacteria and mold away, and extends the shelf life, making this a safer product for women.
