

BUCK ANGEL'S  
  
T-Lube  
BY SLIQUID

T-Lube is an Aloe Vera and Carrageenan based personal lubricant and moisturizer, and is the first Sliquid product designed for trans men's daily use, however, doubles as a personal lubricant for all intimate activity. Created for those trans men who are experiencing regular or periodic dryness due to testosterone replacement therapy, or any other reason, T-Lube will provide long lasting, natural comfort throughout the day night. A proprietary blend of natural moisturizers, including Carrageenan, Aloe Vera, and Vitamin E creates a natural feeling that emulates your body's own natural moisture. T-Lube's, like all Sliquid products, does not contain any parabens, DEA, or sulfates, and is always 100% vegan friendly.

*Love Your Body!*

**Buck's T-Lube** is a water-based personal lubricant, which was created specifically for trans men, as a response to Buck's own experiences.

**T-Lube** is formulated to aid those suffering from regular or periodic dryness by providing a long-lasting, natural glide that is designed to enhance your body's own natural lubrication.

**T-Lube** is a proprietary blend of natural moisturizers and extracts, including Organic Aloe Vera, Carrageenan, and Vitamin E.

**T-Lube**, like all Sliquid products, does not contain any glycerine, parabens, DEA, or sulfates, and is always 100% vegan friendly.

Made Proudly in the USA

**PURIFIED WATER** - Nature's purest ingredient, purified H2O makes up 92% of this moisturizer.

**PLANT CELLULOSE** - Derived from cotton, our plant cellulose serves as a natural, vegan friendly & gluten free thickening agent that gives Sliquid it's glide.

**CARRAGEENAN, ALOE VERA, VITAMIN E**  
Our proprietary blend of natural moisturizers are the key to this daily use formula. Each of these ingredients are naturally slick and great for dry or irritated skin.

**CYAMOPSIS** - Otherwise known as Guar conditioners, Cyamopsis is a natural product derived from the Guar bean that conditions the Plant Cellulose and helps thicken the formula.

**POTASSIUM SORBATE** - Known as "the wine stabilizer" potassium sorbate is a non-toxic, non-irritating preservative used to extend shelf life and prevent contamination.

**CITRIC ACID** - A natural anti-fungal, citric acid works together with Potassium Sorbate to ensure product purity and extend shelf life, and act as a pH buffer.
