

Sliquid Naturals SIZZLE

Sliquid Naturals Sizzle is a water based lubricant, and is Sliquid's Stimulating formula. Naturals Sizzle is made especially for those who are looking for a little extra sensation from a personal lubricant. Formulated with food grade menthol, Sizzle has the effect of being both warming and cooling at the same time, while maintaining its glycerin and paraben free female friendly status. The menthol makes the lubricant feel cool to the touch, but it rapidly warms with friction. Menthol is also a natural vasodilator, which means it brings blood to the surface of the skin, making it an effective natural clitoral stimulator as well.

For sensible women.*

PURIFIED WATER - Nature's purest ingredient, purified H₂O makes up 95% of this lubricant.

PLANT CELLULOSE - Derived from cotton, our plant cellulose serves as a natural, vegan friendly & gluten free thickening agent that gives Sliquid it's slick.

CYAMOPSIS - Otherwise known as Guar conditioners, Cyamopsis is a natural product derived from the Guar bean that conditions the Plant Cellulose and helps thicken the formula.

FOOD GRADE MENTHOL - Menthol is the active ingredient in Naturals Sizzle. Menthol has a minty scent, and feels cool to the touch. It begins to warm rapidly with friction, providing an intense stimulating sensation.

POTASSIUM SORBATE - Known as "the wine stabilizer" potassium sorbate is a body safe, non-toxic, non-irritating preservative used to extend shelf life and prevent contamination.

CITRIC ACID - A natural anti-fungal, citric acid works together with Potassium Sorbate to act as a pH buffer, ensure product purity and extend shelf life.

Important: Do not use if safety seal is broken/missing. Should any irritation occur, discontinue use at once. Keep out of children's reach.
