# Sliquid Naturals Sea

Sliquid Sea is a water based and water soluble intimate lubricant, blended with hand selected natural seaweed extracts. Each extract provides an added boost for your health: Carrageenan, one of nature's most effective natural moisturizers, has been shown to reduce the transmission of HPV (Human Papillomavirus). Wakame is a seaweed that contains B vitamins, and reduces inflammation and improves elasticity in your skin. Nori is an algae that prevents oxidation of the skin and is a very effective natural moisturizer. These natural extracts blend together with Naturals H2O to create a sensual glide with the essential healing properties of the sea.
