**Important:** Do not use if safety seal is broken/missing. Should any irritation occur, discontinue use at once. Keep out of children's reach.

### COCONUT OIL & SUNFLOWER SEED OIL

Together, these intimate natural oils act to create a slick, natural moisture retainer, without clogging pores or blocking the flow of oxygen to your skin, and without leaving a greasy residue. Coconut oil has also been shown to have natural anti-viral and anti-bacterial properties.

### SHEA BUTTER & COCOA SEED BUTTER

Two of the best naturally occurring dermal conditioners, which when absorbed leave your skin silky, soft and smooth.

### ALMOND OIL

A luxurious natural oil rich in key vitamins and minerals, which nourishes the skin while reducing inflammation and irritation.

### APRICOT OIL

A light oil known for it's many therapeutic properties as an emollient, an anti-inflammatory, an anti-septic, an anti-bacterial, anti-oxidant and provides nutrition and support to skin aiding in reduced signs of aging.

### NATURAL TOCOPHEROLS (NON-GMO)

Vitamin E (tocopherol) is one of the best known natural skin healers, and is a powerful antioxidant.
